## **LOCAL 241-UPDATE**

Dear CTA Members:

I want to start out by expressing my appreciation for all your efforts in this difficult situation. But for our continuous to move the City, the issues that face, our families, our children and our parents and everyone in the City would be overwhelming. We are on the front line of this effort as the Mayor has recognized. Never again will it be said that all we do is only drive, repair, and work in the transportation industry. We are no different than all first responders and you must take pride in that fact.

Remember, because you have a Union, you have a voice in the process and we are being heard not only by the CTA but by public officials. We have been working to address the issues you face every day in this struggle. We have attempted to address the concerns that have been brought to our attention. We have attempted to keep you updated, as quickly as we know of developments, and in that regard, we will be posting updates on the Local's Web Site as well as attempting to provide information on Facebook.

Most recently working with the CTA, we have addressed more issues dealing with your safety and have attempted to clarify applicable policies. We are addressing the issues relating to passenger spacing on the bus, issues relating to cleaning of the bus, and issues relating to those who cannot or should not come to work. We have also addressed with the Mayor issues relating to the access to facilities, restaurants, that may be operating on a limited basis during relief periods.

We remain committed to protecting our members while performing our duties as First Responders.

In Solidarity,

Keith D. Hill  
President/Business

Toi W. Bowers
