

REPORT OF THE PRESIDENT B/A KEITH D. HILL FEBRUARY 2022

Below is my report for the month of February 2022, presented to the Executive Board on February 25, 2022 and the Members on March 1, 2022 during the Mass Membership Meeting.

CTA CONTRACT NEGOTIATION:

- I am happy to report that the new Wages and Working Conditions Agreement for CTA, has been overwhelmingly ratified by the membership. The agreement was also approved by the CTA Board, and we are now working with the CTA to expedite the payment of the bonus and retroactivity pay. We must ensure that all calculations are correct.
- The Officers of the Local appreciate all the members who took the time to vote and ratify the agreement that will allow all our members to receive the lump sum bonus and retroactive wages that is so justly deserved. While we recognize that a minority of members expressed dissatisfaction with the settlement, we respect the right of all members to participate in the process and to participate with honest and truthful dissent.
- It is only through the full participation of the membership that the Union grows and remains strong. It is through honest and forthright discussion, and not the distortion of the truth and the presentation of falsehoods, that allows for the membership to be fully informed and allows the Local to achieve success and allows the Local to resolve the problems that remain ahead of us.
- We have now taken the first step with the new Wages and Working Conditions Agreement. The new agreement will protect you and provide economic security for the next two years. However, we must remain united, approach issues in good faith, and honestly address the problems that are on the horizon. With all the members working together rather than taking action to divide the membership, we will be successful.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
FEBRUARY 2022(CONT.)

PACE WEST:

- The team met with PACE to lay the ground rules for the contract negotiations. As a team, we are not going to rush through the negotiations but we're not going to move slow. We are working to bring the members the best agreement with no losses or give backs. We are trying to secure as many dates as possible and willing to work overtime to bring the members of PACE West a respectable and rewarding contract. We will keep the members updated as we move along with negotiations. We are also working to change the training room restrictions and are hoping to bring the members some good news soon.

PACE NORTHSORE:

- Thank you to our new Steward Aloy Anabaraonye for stepping up to the challenge to represent the members of North Shore. Brother Anabaraonye will undergo training before being able to fully represent the members of North Shore, but I'm confident he will be good for the members of North Shore. We also are looking to start contract talks in the month of March and bring the members of North Shore an agreement with no losses. We will keep the members of North Shore updated as we move forward.

SAFETY:

- Safety is a major concern for this administration. We have partnered with the CTA and have a new bill in Springfield, HB 4996, Sponsored by the Honorable State Representative Justin Slaughter. The bill amends the Metropolitan Authority Act and provides that the Chicago Transit Board's rule and regulations may include the suspension of riding privileges or confiscation of fare media.
- Amends the Criminal Code of 2012: Changes the penalties for aggravated assault on a transit employee performing his or her official duties, or a transit passenger. We will keep the membership updated on the movement of this bill. The membership must be ready to take this fight to Springfield when called upon.
- We are still dealing with the issue of safety with the CTA. We are waiting the arrival of the retro fit for the buses of the enclosed shields. All new buses that will be coming in, will be equipped with an enclosed shield to protect all drivers.
- Also, you may notice some buses with sensors on them to detect someone moving in front or alongside of the bus. This is put in place to reduce bus and person accidents. These are a test as of now and may show up on all buses soon to reduce these types of accidents.
- 77th, we are still pushing to start the new relief location on 71st and Cottage Grove in the mist of fighting to get the runs back. We have not had a follow-up conversation about this but the Local will follow up and keep you posted.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
FEBRUARY 2022(CONT.)

EXPEDITED AND PRE-ARBITRATION & LABOR CHARGES:

- In the Month of February, Local 241 did hold “Expedited” arbitration to address grievances. Local 241 took over (65) grievances winning (43) in some form by way of the arbitrator. This administration will keep addressing the grievances and keep working to reduce the amount of time members must wait to be heard.
- Pre-Arb was held in the month of January, we took over (32) cases winning (17), please welcome our Brothers and Sisters back to work.
- Labor charges in the month of February: we had two (2) cases dismissed and no new cases brought against the Local.

RUN PICK:

- We will be moving forward with the “Spring Run Pick” on March 12, 2022 and it will begin on March 27, 2022. This pick will be put together without the changes that were made in December and will keep our work together.
- The “System Pick” will be postponed until hopefully the fall, I will keep all posted. As of now please remember that the pick is under COVID protocol.

STATE RE-OPENING:

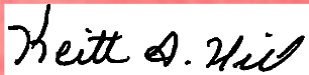

- February 28, 2022, the State of Illinois will be opened up from the COVID restrictions. The mask mandate will still be in place on public transportation.
- I have major concerns for our Brothers and Sisters at this time and I think this will place all drivers in a situation or confrontation with the passengers who might be confused by the lifting of the restrictions. I’m going to push both CTA and PACE to remind and reiterate to the passengers that the mandate has not been lifted on public transportation. I’m asking all members not to get into a confrontation with any passengers over the mask.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
FEBRUARY 2022(CONT.)

THINGS TO REMEMBER:

- Please remember the AVAS will be working starting April 1, 2022. For a good bulk of our members this will be something new for them. Please see your Union rep to get a copy of the award to understand how to protect yourself. Be on the lookout for Rap sessions at your location to educate you as well.
- Please remember to count everyone that board your bus!!! PACE and CTA, this will play an important role in the months to come as we protect our work in regards to ridership.
- The REED Group, I think has been a terrible choice to handle the business for our members. The contract is up for renewal this year and Local 241 will be setting up meetings to advocate to get someone better to handle the needs of our membership. Please remember to report your FMLA usage correctly.

Assistant Business Agent – Maintenance Report

My Name is Marqueal L. Williams I am the Assistant Business Agent for Local Union 241, this is my report for the Month of February 2022. CTA, PACE, and FIRST TRANSIT.

Pace West

Management and Union had several meetings about several issues, first issue is taking a pick position off the garage pick, and hiring a employee and placing them wherever they choose to. The union will defiantly address this during contract negotiation, we have already address and successfully handled the issue of manually washing buses, the last issue was two individuals going on vacation at the same time, a grievance has been filed and we will resolve this during contract negotiations as well.

First Transit

On February 22, 2022 I (Marqueal Williams) conducted First Transit Spring Bid Pick, during the pick you saw that (3) three routes were not on the pick and (2) routes were continuously Black-Lined. Let me start with the (3) three routes that were removed off the pick, route 131, 131(B) and WLEY2, this was removed from the pick because of facilities closures and the decline scheduling of office visits availability. So, what was done this pick we left the Job on the Master List and took the Jobs off the posted pick, and when the Facilities and Doctor Office Scheduling does increase then the route will be Bid will be posted.

Pace Southwest

Bus Servicers at Pace Southwest if you are driving a bus in the garage or on the street the general rule is that you put your seatbelt on before putting that bus into gear, this is the first time that we had a discipline hearing on this issue.

A Dash-Cam was activated before entering the wash rack at Pace Southwest, after the new safety manager discovered that the servicer did not put on his seat belt, he was referred to the Division Manager, Management and Union do agree that this was a lax rule, the Union did agree to explain to its members and answer any question on the rule. To recap when driving a bus in the garage or on the street you must put on your seatbelt before placing the bus into gear.

Meeting with 74th Street Maintenance

On Thursday February 17, 2022 early morning Marqueal Williams, Tim Westhoff & John Megan had a fire-drill at 74th Street Garage, during a Labor/ Safety meeting it was told that 74th Street buses had the highest numbers of comeback, we were told by our members that management closes a lot of work orders to make schedule, so the resolution to that problem was to have management create the work order, and to add the task that you need. Before the mechanic was adding their own task to the work order, also the union instructed to leave good notes, and if the mechanic did not fix the task or was told to send the bus out the mechanic needs to leave that in his/her notes. Management agreed to this process as well.

Also, the last issue that was addressed at the garage was management not introducing themselves and giving work to employees to give to another employee, this practice will stop ASAP, and the Senior will introduce any manager who is reassigned to the garage no matter what shift that Senior Manager will come out.

Pension and RHCT

As of February 24, 2022, the Pension Plan funding was exactly \$2,087,908,873. The Multiplier Factor for retirement is .0215%. The Pension contribution is currently 13.324%.

As of February 24, 2022, the Retiree Health Care Trust Plan funding was \$1,097,883,166. As of January of 2022, the percentage has decrease from 3% to 1%.

CTA Maintenance Pick

As I reported last month the Maintenance Department was having a simple garage pick, due to Maintenance Employee's recent promotions, retirements, IOD'S, and employees are physically letting the Union know that the garage is short of Servicer and Mechanics a system pick is in order. This Pick is predicted to go into effect in June. I will report more next month.
