REPORT OF THE PRESIDENT B/A KEITH D. HILL SEPTEMBER 2021

Below is my report for the month of September 2021, presented to the Executive Board on September 29, 2021.

CONTRACT TALKS:

- This month's negotiation session went as well to be expected. The Union is still only faced with two proposals that are rejected. This administration truly understands and can't wait to finalize this for all the hard-working Brothers and Sisters that sacrifice themselves every day.
- To dispel this rumor!!! We have not had a conversation about a bonus since March, our proposal still stands on the table at this point. The wage proposal is a joint proposal and will not be discussed without 308 our Sister Local. We are at the point in negotiations where we are only dealing with items that deal with Local 241.
- This administration is working hard to bring this membership another contract with no losses or givebacks. WE HAVE NOTHING TO LOSE OR NOTHING TO GIVE!

FIRST TRANSIT:

The members of First Transit have voted and approved their contract by 89%. I would like to thank the members of First Transit for believing in Local 241 and trusting us to deliver a contract that brings their quality of life up to par and ahead of their other counterparts. I would like to thank Marqueal Williams, ABA of Maintenance for allowing me to push the issues, for following my lead, for pushing issues with me and hammering this contract home in three meetings. I commend you and I thank you.

- This tentative agreement is historic in nature, not only were there no give backs to the company, but it provides for increases in wages and improvements in benefits, including more paid holidays and sick days. It provides an average increase in wages for workers of approximately 20%, which members will receive during the two-year period, August 1, 2021 to July 20, 2023 or more than 6% on average per year over the life of the contract.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
SEPTEMBER 2021 (CONT.)

FIRST TRANSIT (Cont.):

- The most important, I repeat the most important part is Local 241 has negotiated its fourth contract that we can say we have no losses or give backs. Let's keep this moving forward for all bargaining in the times to come.

SAFETY:

- Security remains one of the most important issues of this administration. The safety of all members: CTA, Pace and First Transit is top on the list of this administration. The month of September has brought on another round of talks about our safety as we do our jobs. The conversation about things on the bus as well as new ideas off the bus, talks and pressure about the shield that encloses the operator are very heavy and both parties agree that it is a must.
- The Union believes that this shield is a must have for our safety, the shield would prevent anyone from reaching or spitting on an operator. The new shield would have all operators full protected and enclosed; I will keep the members updated on when we can see them being installed on buses.
- Also, this month we talked about the silent alarm and its effectiveness. Far too often we push the alarm and no help comes, the help comes too late or they end up in the wrong place.
- CPD and CTA think, once the alarm is pushed, we should sit in one spot!!! Local 241 is totally against this and do not recommend this!!!
- Sitting still makes us a bigger target or will elevate a situation. I expressed that with all the technology that is in the world, you mean to tell me they can't find a moving bus. The Union has a few suggestions for this. We are requesting that maybe once the alarm is pushed the middle marker light turn into a strobe light to identify that the operator needs help on the bus. I'm not big on the other choice, but will ask the members their opinion.
- The destination signs to say operator needs help can alert the police but could also bring unwanted attention to a situation. Both parties are still reviewing this option.
- President Biden passed a bill that ties federal funding to safety and asked all public agencies to form a committee with the Unions. This committee has been established and will start meeting biweekly in October. A report will be given on a monthly basis and if you are having a concern, please reach out to the Union so we can address this in our meetings. Safety will remain a major focus of this administration.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
SEPTEMBER 2021 (CONT.)

79TH AND COTTAGE:

- Starting with the winter pick of 2021, the Brothers and Sisters of 77th Street garage will be making a relief on 71st and Cottage for their safety. This has been a battle a few years in the making, the change has been made.
- The recommended way of travel is the redline to 69th, at that point you can either take the #30 or the 71st which will give the operators two buses to take to the new relief point. More details will be coming to the 77th Street garage members next month.

RETIREEES PENSION:

- I'm proud to say once again this administration has held the rates for our most vulnerable members, our retirees on healthcare. The retirees will not see any increase in price for the fourth year in a row. We have heard the voices of the retirees asking for no increase.
- This task is challenging and as the fund now is over \$2 billion dollars plus for the first time ever in the history of the fund. Also, this administration after learning about the hidden cost of indexing can proudly say that cost was held as well so that it is another savings to our retirees.
- Both Local 241 and 308 retired members with 26 to 30 years of service or have 25 to 29 pensionable years in this area, both Locals have well over 2000 members combined in this area. This group of retirees will see a decrease in premiums of \$72 dollars from \$279 to \$207 giving them \$72 dollars back in their pockets. I would like to thank all my 241 Trustees and 308 Trustees for keeping the fight and protecting our retirees.
- Also, I would like to inform the members of Local 241, they will not see a pension increase in 2022 and also the RHCT will be going down to 1% from 3%. For both groups, we still have a long road ahead of us to fix many problems in some form, just work with this administration as we tackle these items.

EXPEDITED AND PRE-ARBITRATION & LABOR CHARGES:

- In the Month of September, Local 241 held an Expedited Arbitration to address grievances. The Local took over (60) grievances winning (46) in some form by way of the arbitrator. This administration will keep addressing the grievances and keep working to reduce the amount of time members must wait to be heard.
- Upon taking office we had a back log going as far back as 2002, I can proudly say we have come within a 5-year window and hopefully will cut that down two years by this time next year.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
SEPTEMBER 2021 (CONT.)

EXPEDITED AND PRE-ARBITRATION & LABOR CHARGES (Cont.):

- Pre -Arbitration was also held in the month of September taking over (15) cases, winning (9), please welcome our (9) Brothers and Sisters back to work.
- Labor charges in the month of September, we had four (4) cases dismissed and two (2) new case brought against the Local.

PACE NORTHSORE:

- I'm still waiting on PACE to get back to the Local with dates to start contract talks. Both parties have indicated that they are ready to start.
- Also, the Local is still waiting to have an election on the property to fill the slot of steward for Northshore.

PACE WEST:

- PACE has indicated they would like to start negotiations towards the end of October so the Local will still be taking proposals for a few more weeks, so please get yours in.
- We will also be trying to have a meeting to present them to the members, if it is safe to do so with Covid. Also, I need members to check their check stubs and make sure they are being paid correctly.

Misc:

- Brothers and Sisters please stop allowing CTA and PACE to mark up your work record. Over the last month I have done a few hearings and handled discipline in all locations. When they call you in the office on a compliant, please, stop the interview and request the Union.
- We are having a few issues with payroll and seven-day sick claims, please reach out to the Union.
- Brothers and Sisters please record everyone that board your bus that's PACE and CTA ridership, this will play a role in the future and it will help or hurt us.
- We as operators must do a better job of looking out for each other and working better together, we are all we got on the street.
- For the next month, let's work on being one band, one sound and one group as we are each other's keeper. Let's be safe and call the Union if you need help.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
SEPTEMBER 2021 (CONT.)

Last week we suffered a terrible loss of 3 Sisters/Members of Local 241. Sister Rosia Evans and Sister LaQueenia Williams of 103rd Street garage and Sister Quindra Wilkerson of Forest Glen garage. We would like to express our deepest sympathy and condolences to all. Let's keep the families as well as the members at both garages lifted in prayer.

REPORT OF THE PRESIDENT B/A KEITH D. HILL AUGUST 2021

Below is my report for the month of August 2021, presented to the Executive Board on September 15, 2021.

FIRST TRANSIT:

- In the month of August, Local 241 started contract talks with First Transit Group. I am excited to report that a tentative agreement for a new contract has been reached with First Transit. It was the hard work of your committee and the support of membership that allowed this contract to be achieved.
- This tentative agreement is historic in nature, in that not only were there no give backs to the company, but it provides for increases in wages and improvements in benefits, including more paid holidays and sick days. It provides an average increase in wages for workers of approximately 20%, which members will receive during the two-year period, August 1, 2021 to July 20, 2023 or more than 6% on average per year over the life of the contract.
- The most important, I repeat the most important part is that Local 241 has negotiated its fourth contract that we can say we have no losses or give backs. Let's keep this moving forward for all bargaining in the times to come.

PACE WEST:

- As we prepare to go into contract talks, I would like the members of PACE to think about a few things. I think the time is right to challenge the National Safety Board. I haven't seen one case that has made an impact or changed the position of the company when dealing with an accident. We need to put management in a position to evaluate accidents differently and address rules that are outdated and do not fit the streets we drive on. The configuration of the streets is different, are smaller, are more congested with other obstacles than cars. This is something I would like members to think about and come up with ideas please.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
AUGUST 2021 (CONT.)

PACE WEST (Cont.):

- The next major fight would be to enhance the pension benefit for our members. This might be something we need to work on in a few different angles. We might have to seek the help of Springfield; we need members from PACE West to help in traveling down state and to help explain why this is so important to us the worker. The opportunity that is in front of us now, is at the contract table to ask for this. Although I came in on the tail end of negotiations a few years ago this was a topic we addressed and was met with strong resistance! Local 241 is ready for this fight and any resistance and needs the members to be ready.
- Members, please look over your paycheck stub, we are seeing a large increase in problems with payroll. If you have a problem, please reach out to the Union so we can assist and correct the problem.

PACE NORTSHORE:

- Local 241 is still planning to hold an election for steward in the upcoming months if Covid and restrictions lighten up, so please lookout for the bulletin.
- Also, we are waiting on dates so we can start negotiation for the members of Northshore.
- We are also working on scheduling a labor management meeting soon.

CTA:

- Contract talks are moving, Local 241 has had a few breakout sessions.
 - ❖ The Local held a breakout session with the help of the International to assist our Brothers and Sisters in Maintenance. We put on a presentation to the CTA that I think was great and straight to the point of what our Brothers and Sisters need.
- Also, had to deal with an ongoing problem, every time a holiday approaches the CTA tries to make the SCP work the holiday at straight time instead of giving them the day off, this is the fourth time we've had to step in and address this issue, hopefully this will be the last.
- Also at the table, the Local has put forth several contract proposals and only two have been rejected at this time. The goal of this administration is to have this wrapped up by the end of the year. This administration feels the members deserve something soon and deserve it now and will keep working to get them what they deserve.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
AUGUST 2021 (CONT.)

PRE-ARB AND EXPEDITED ARBITRATION:

- The month of August, the Local did not hold a pre-arb but will hold it in the month of September as the Local look forward to bringing Brothers and Sisters back to work.
- The Local also held Expedited in the month of August we discussed sixty (60) grievances winning forty-three (43) in some form and losing seventeen (17) by way of an arbitrator's award.
- Also, we had one new labor charge filed against the Local and four (4) charges dismissed.

SECOND MEDICAL OPINION:

- As the members know we have been going back and forth with the CTA over second and third opinions. It came to the Local's attention that the CTA had all of a sudden stop paying members for attending these appointments. The fact is, they made a few members go on their off day and refuse to pay them, this is wrong and against the law. After a meeting with CTA and the CTA admitting that they had all of sudden stop paying members, the Union demanded they compensate members. Not only is this against the law, it harms a practice the CTA has been doing for years. The law says **"the company must pay you mileage and all expenses"** but most important, the CTA had already established a practice. After a few meetings we are working on getting them to uphold the practice but most important slowdown on sending members. We have a few follow up meetings in September I will keep all posted.

RELIEF POINT:

- As safety remain a big focus of this administration, we have been looking at a few reliefs, the 79th and Cottage Grove relief point we think need to be moved for the safety of the members. After looking at a few options we've come up with a few;
 - ❖ 95th and the Red Line is a choice
 - ❖ 35th and Indiana is a choice
 - ❖ 71st and Cottage Grove is also a choice
- With these choices given to CTA, they came back with their usual excuses of budget and the impossible story. The Local is in favor of all of them but is leaning towards the 71st and Cottage Grove move. Please be on the lookout as we move forward and will hopefully have a definite answer in the next month for the members.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
AUGUST 2021 (CONT.)

COVID MANDATE:

- In the month of August, the CTA presented to the Local a mandatory vaccine policy requiring that all employees become fully vaccinated by October 25, 2021. They say it is based on health and safety considerations and health and safety is a mandatory subject of bargaining. Is there evidence that masking and social distancing and testing hasn't worked to prevent the spread of the disease? The Illinois Supreme Court in the Central Cities emphasized that bargaining need not be protracted to satisfy the law.
- The rule for teachers is get the vaccine or undergo weekly testing. Classrooms and buses are equally crowded, and classrooms have whole swaths of under 12 students who are not vaccinated. Why not the same deal for us? After the meeting we still had more questions and a feeling of how unfair this is to be imposing this on our membership. The Local will keep the members up to date as this develops.

In Solidarity,

1st Vice President Woodrow Eiland's Report September 2021

For the month of September, I was assigned to the North Park garage to do the discipline as well as the other northside and westside garages and in addition to doing various duties assigned by President Keith Hill and corresponding 1st Vice President duties.

CELL PHONE

The cell phone/electronic device usage is getting back to an all time high. Please don't use your cell phone/electronic device while on duty or in the seat of CTA vehicles. Remember that the first offense may result in discharge, **please stay off your phone/electronic devices!**

FMLA

Please continue to call CTA and Reed Group when using FMLA, failure to do so can get you disciplined and or up to discharge. Please read and be in FMLA compliance.

EXPEDITED ARBITRATION

President Keith Hill, 2nd VP Tanno Muhammad and myself did the "Expedited Arbitration" cases via ZOOM conference call. We submitted 60 cases: winning 46 cases by way of "Allowed" or "Allowed-In-Part"; losing 14 cases by way of "Denied", by an arbitrator with no lawyer cost or involvement.

BEREAVEMENT ANNOUNCEMENTS

We loss three Sisters/Members, gone to soon:

1st Vice President Woodrow Eiland's August 2021 Report

For the month of August, I was assigned to assist the North Park garage to do the discipline as well as assisting the other northwest and south side garages, assigned by President Keith Hill and corresponding with other 1st Vice President duties.

SLEEP APNEA

The officers and myself are receiving a lot of calls from the members about sleep apnea, stating that the sleep apnea machines are on back order. That is negative, I spoke with to the Leave Management and was told to tell the members to go back to Concentra and get another company for the machine. Please do not let them keep you off work, because you won't get paid for it. Contact Leave Management if you have any more questions: Deshone Maddox at (312)681-2253.

FMLA

The Local is still receiving a lot of discipline on members that are not calling CTA and the Reed Group to report FMLA. They are calling that falsification. So please make both phone calls and keep a record of it!

EXTRA BOARD

A lot of members are calling the office complaining about the Extra Board. Some of the complaints are valid and some are not violations. CTA is holding a lot of runs in. That is not a violation and we are checking a few garages at the moment and will stop it, if there are any violations. We will keep the members informed and please don't be scared to contact the union.

HARD DRIVES

I have been looking at a lot of hard drives, finding that management is charging members on emotions and not the CTA rules. If you feel that the accident was not your fault by the way of S.O. P's, please file a grievance.

EXPEDITED/PRE-ARBITRATION

I attended Expedited and Pre-Arbitration along with President Keith Hill and 2nd Vice President Tanno Muhammad via ZOOM conference call. At Expedited Arbitration we submitted 60 cases: winning 43 by way of "Allowed or Allowed In-Part" and 17 cases "Denied" by an arbitrator. At Pre-Arbitration we submitted 15 cases: winning 9 and 6 cases going back to "Regular Arbitration". Both arbitrations were done with no lawyer involvement or cost to the membership.

PENSION

The Pension is solvent and it has 2 billion 69 million dollars in it.

SPORTS

I would like to congratulate the **WRECKING CREW** for winning the **2021-CTA 241-308 Softball Championship** and great sportsmanship!

*2nd VICE PRESIDENT
TANNO MUHAMMAD
SEPTEMBER 2021 REPORT*

I would first like to give thanks to our Creator. Whom is called by many names. I hope you and your families are in good health and in the best of spirit.

As the 2nd Vice President, I have the responsibilities to represent the Local and its Members assigned by President Keith Hill.

COVID-19 Pandemic/Vaccine:

I have continued to help our members throughout this Covid-19 Pandemic. For all of Local 241 members especially with pre-existing illnesses, please take care of first yourself and family's members. Please Local241 members fill out your request for "Religious Exemption/and or Medical Accommodation" related to the Covid-19 Vaccine.

- Q. How can the unvaccinated person cause a new variant when their body has not been exposed/tampered with?
- A. According to Dr. Malone these new vaccines seem to usher the new variants into the cells instead of keeping them out, because of something called antibody-dependent enhancement (ADE). Also research from Israel has shown that natural immunity is 27 times more effective against the SARS-Cov-2 variants than the Pfizer so-called vaccines. Right now, the predominant variant is the Delta and CDC Director Walensky said, these vaccines have no ability to prevent transmission of Delta variant. Please investigate for yourself there is always more than one side to a story.

This mandatory vaccine is causing a major division throughout the Unions, workforce and the entire world.

Step II Grievance Meetings:

I am continually resolving grievances and the Step II level.

Bullying and Harassment

I intervened in several disputes; AP 1601 Bully Harassment EEOC this also applies to Management. There are General Rules on horseplaying, name calling and the use of profanity language is not permitted.

Discipline Hearing at CTA Headquarters:

I also attended a discipline hearing at 567 W Lake St., Chicago Transit Authority Headquarters with Union Steward Michelle Townsend-74th Street garage.

Contract Negotiation:

I attended Contract Negotiation with President Keith Hill, 1st Vice President Woodrow Eiland, ABA Maintenance Marqueal Williams and myself 2nd Vice President Tanno Muhammad.

Drug Hearings:

During September 2021 drug hearings, I found that this is a trying time as we continue to hear about the death toll increasing in the United State of America. The Drug Policy has not changed, you cannot come to work with Marijuana, Cocaine, Methamphetamine, etc. in your system.

- 5 Drug Cases:
 - 3-Entered into SAP (Substance Abuse Program)
 - 2-Resigned

September 2021 Pension Meeting:

- Pension fund 2.8 billion, member contribution is 13.324%
- HCTrust 857 million, members paying 3%

First, I would like to give thanks to our creator by Whom is called by many names (Allah). I hope you and your families and friends are in the best of health and in good spirit.

As the 2nd Vice President, I have the responsibilities to represent the Local and its members assigned by the President.

I also visited 77th, 103rd, 74th, North Park, Chicago Avenue, Kedzie, Forest Glen garages as well as PACE Southwest and PACE West properties. I assisted the several discipline hearings, discharges and accident cases along with grievances.

Prayers go out to the Brother of Chicago Avenue garage for a speedy recovery.

FREEDOM, JUSTICE AND EQUALITY

Dear Brothers and Sisters,

*Greetings, my name is Tanno Muhammad, I'm speaking as a Union Vice President and a dues paying member. We have a voice and freedom of choice. We have worked hard for a company through the Pandemic, putting our lives on the line daily and now we have been given an ultimatum. I know if we stick together and remain pro-choice, our freedom today will be our children and grandchildren freedom tomorrow. We can not let anyone take away our freedom. This so-called government, that is supposed to be a democracy (Pro-Choice) has turned out to be a dictatorship. Remember **Brothers and Sisters of Local Union 241, United We Stand or Together We Fall.** To allow one member to lose their livelihood is one too many. I am begging for all Local 241 members to stand together for freedom of choice, equality and justice for all. It might be me today, but think about what the future holds for all of the generations to come.*

Scientist are not really sure how to treat this virus, I am and you are a human being and not experimental animals. For the Chicago Transit Authority and the so-called government wanting some foreign substance injected into your bodies, that is criminal. Please read, study and do not just listen to the television (telling lies to your vision).

STEP II GRIEVANCES MEETINGS:

I attended several Step II meetings during the month of July at CTA Headquarters-567 West Lake Street, Chgo. IL. I was able to resolve many grievances at the Step II meeting.

EXPEDITED ARBITRATION:

We took 60 cases; Won 43 cases and lost 17 cases, with no cost to the membership.

PRE-ARBITRATION:

We're continually bringing our members back to work, out of 15 cases we returned 9 members.

DRUG HEARINGS:

This month the drug hearings seem to have soared higher than before with the COVID-19/Pandemic, which has brought about anxiety and depression. Our members have been trying to cope with the loss of loved ones, schools closing, no babysitter and etc..... If you are in need of help, please, please, please reach out to

the ***EAP (Employee Assistance Program) -(888) 371-1125*** for assistance!!!!

The EAP was established in part so that the employee who recognizes that he/she has a drug use and or alcohol misuse problem may have an opportunity to receive treatment and rehabilitation.

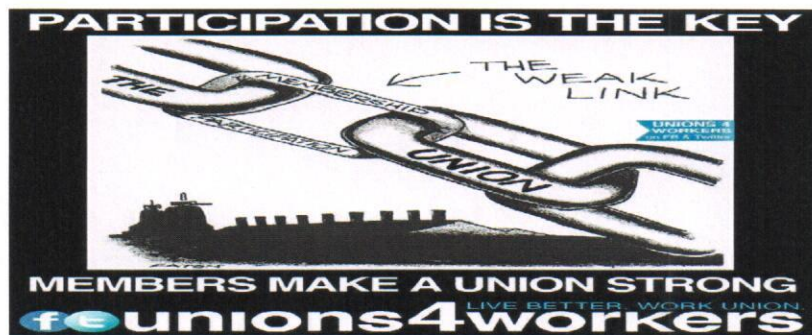

- ❖ 2-Shy Bladder: 1 brought back to work and working on the other.
- ❖ 3-Resigned.
- ❖ SAP (Substance Abuse Program).

Garage Pick

The CTA General Manager, Senior Managers, and Managers have come to several members saying that you are having a System Pick, as I always told you that CTA Management have never showed the Union a System Pick, everything that the members told me was correct.

The Members of Local Union 241 Maintenance told me that Management said they were going to get rid of Bayman Positions, that they were going to add Hardcard Jobs and try to remove our premium jobs, I was told by my membership that CTA were going to remove the mobile truck at 74th St. I was told that we are having a Mechanic Only System Pick. And I was told that CTA is going to REDLINE more position. Everything I was told was absolutely true, thank you all for the information.

CTA never show Local Union 241 a System Pick but email us and told us we were having a mechanic only system pick, they told us when they were going to post it and when it was going into effect. After the Union had to fight that battle, we were shown a Garage Pick with the changes on there as if it was a System Pick, with the removal of the Bayman Positions, Redline Slots, and everything the membership has been telling us. Well, the Bayman Position you will see on the pick, Redline Slots will not be added and the 74th Street Mobile Truck will remain on the pick. Only difference that that Truck will not go out on the weekend, due to lack of work that was confirmed by timesheets and mobile truck calls.

Pension and RHCT

As of September 23, 2021, the Pension Plan funding is \$2,084,684,706.32 the Multiplier Factor remains at .0215, the economy is stable, and the Pension Investments are making their rate of return so it will not be a Pension Increase in 2022. So far while this administration has been in office the Pension Ratio has not increased, the Pension Plan have reached over \$2Billion dollars.

As of September 23, 2021 the RHCT Plan funding is \$1,116,575,231.47, this plan is well overfunded with over 1Billion Dollars, starting in January 1, 2022 the contribution rate will go from 3% of paycheck to 1%, while this plan is over 158% funded there is no reason the member have to suffer and contributing extra money to an over funded plan, so President Keith Hill along with his

Administration took this fight to Springfield and change Legislation in order to bring the membership 2% of funding back on their paychecks. Also, while the plan is doing so well that not only 1% will be deducted from your paycheck, but the retirees will also have to look forward to a plan deduction, and the Plan will remain overfunded.

As everyone knows just like the pension plan if we do not meet our rate of return through our investments then we have a safety preclusion built in the legislation that will assure our contributions will increase to ensure that everyone will enjoy the benefits of a Pension.

First Transit Ratified Contract

Last Month I reported on August 25, 2021, President Keith Hill and ABA Marqueal Williams had Contract Negotiations with First Transit within (3) meetings we were able to come with a great tentative agreement, as I reported last month that September 16, 2021, was the ratification date. The official report is the Contract Ratification passed with 23 Yes Vote 3 No Vote and 1 Challenge Vote. What makes this contract great is when you add a holiday that was an unrecognizable heritage and what America now is trying to erase out of our history books, Jubilee Day, Emancipation Day, Freedom Day, and Black Independence Day, Juneteenth was added as a Floating Holiday. With close to a 6% average per year, with reduced the scale to (8) eight years, which made individuals in that 7- & 8-year bracket receive close to a \$6 dollar raise, with bidding for each job will be conducted within (3) days, with reducing the company mandatory start time to ½ hour, and (2) two more paid sick days was added. Prod Contract for Local Union 241.

Things to Remember

1. MMIS: Jobbing out for lunch and back in for lunch.
2. Leaving good notes on your work orders.
3. Check for parts order before ordering parts to make sure duplicates parts haven't been ordered.
4. Tardy/Attendance when you are at the toolbox meeting you must be dressed for work.
5. Out of Work Area: If you are going out for lunch you MUST let Management know that you are going out for lunch.
6. Electronic Device Policy: if you are on your cell phone you should be on break.
7. WEARING YOUR FACE MASK; the face mask rule is a CTA Policy, if you need to remind to wear the mask, that fine and noted, then afterwards it becomes a procedure violation and then a behavior violation.

In Solidarity.

Assistant Business Agent – Maintenance

Assistant Business Agent – Maintenance September 2021 Report By Marqueal L. Williams

Contract Negotiations

Last month I reported that CTA denied two Maintenance Contract Proposals, the first one was a Maintenance Extra Board, this was to switch days off with another employee who have that day off. Come to find out that we already have that concept now, it is actually called Exchange a Schedule Day Off Request, and last month I went the extra mile and attached it to my report. Well, I'll be doing the same this month.

The second proposal that CTA denied was the Maintenance Tool Allowance for \$350, CTA is saying that they provide all the tools we need to preform our job, with that lie being said we should all take a stance and take our own tool home and make sure the bench man is utilized and if we all need the same tool, then it becomes a waiting game. Sample: tools such as electric screwdrivers to battery operated impact wrenches. I totally understand we buy these tools to make our jobs easier and faster but when we are **underpaid, unappreciated** and also **undervalued**, then it's time for a divorce but you have most members out there who's willing to work it out with CTA in this abusive relationship who are willing to keep buying their own tools no matter how **unappreciated** they are. I would say this at least we have new members with the balls to stand up and find other places that apricate their skills. In as little as (6) six years it will be a massive retirement in the Maintenance Department which CTA is not taking into consideration.

I hear constantly at the negotiation table that Local 241 Mechanics do not have the skills to do the jobs but 701 Mechanics have a different set of skill set, we all know the only skillset is the changing of the union numbers from 241 to 701, it only takes a simple written test along with a hands-on test and there is no different in skillset because we work on the same equipment. Majority of us went to a Trade School such as UTI, Lincoln Tech, Career Centers etc....

So now Local 241 along with the International came up with a Maintenance Training Program that will set the skill base, and is practically government funded by means of government grants, now we are waiting on CTA to respond because this is not a just any Program, what CTA don't know but they do know that our 241 instructors teach the Trades Union such as 701, so with this Maintenance Proposals it becomes now a **Local Union 241 ONLY Program** which Local 241 and CTA control the grant

money. A program that will issue **College Credit to all 241 Maintenance Members Mechanic and Servicers.**

First Transit Contract Negotiations

On August 25, 2021 President Keith Hill and ABA Marqueal Williams had Contract Negotiations with First Transit within (3) meetings we were able to come with a great tentative agreement with close to a 6% average per year, some members received more and some received less, our main goal was to move the Top Pay wage scale which use to take a decade (10) years, to get to top pay we reduced the scale to (8) eight years, which mand individuals in that 7 & 8 year bracket receive close to a \$6 dollar raise. We also added bidding for each job will be conducted within (3) days and we reduced the company changing the start time to ½ hour. We added Juneteenth as a floating holiday in the contract and (2) two more paid sick days was added. The date of ratification for the membership is Thursday September 16, 2021.

Southside Maintenance Garage Visits

Marqueal Williams and Bryan Robinson Visit all Southside Garages Days and Nights this was a (2) day event, the reason why the Union and CTA a collective effort to push the basic rules before anyone would be discipline. As I currently won a grievance because the Authority has several rules that are call Relaxed Rules, that when a rule has been in existence sense the beginning of time but was never enforced, or the company could not provide the last time this rule was enforced, the company has A/P Bulletins that supersedes the original A/P.

- MMIS: Jobbing out for lunch and back in for lunch.
- Leaving good notes on your work orders.
- Check for parts order before ordering parts to make sure duplicates parts haven't been ordered.
- Tardy/Attendance, when you are at the tool box meeting you must be dressed for work, no exception. Also, we have a (10) ten-minute clean-up time bedded in our Contract. As you expect to be cleaned up on time to leave on time the CTA expect you to be ready and dressed at the tool box talk.
- Out of Work Area, if you are going out for lunch you MUST let Management know that you are going out for lunch, the rule was that you would punch the back of your time clock and that manager knew the you were out for lunch, but we do not punch any time clocks, so we must let the Manager know if you're leaving the property for lunch. You must let the manager know if you are going to eat lunch in your car. You must let the manager know if you going to your car to grab a pack of cigarettes. You have the right to do all of these things but if you don't let management know then you are considered to be out of you work area.
- Electronic Device Policy; if you are on your cell phone you should be on break, if you need to use your cell phone beyond your break you should let the managers know, majority of the worker work night, Management understands that we want to check on our kids and wish them a goodnight, Management will not discipline you just let them know, if you get a Manager who tell you no you can not use your cell phone to wish you kids good night or check on them call the Union. But don't call us if you did not let the manager know and you got caught using your cell phone unauthorized.

- WEARING YOUR FACE MASK; the face mask rule is a CTA Policy, this is a policy that is predicted to save life's, we are still in a pandemic, if possible, maintain your social distance as well, we had several deaths in the maintenance department due to COVID-19, and we have members who are out currently with limited use of there lungs. Be safe wear the Mask. If you need to remind a member to wear the mask, remind them before it become a procedure violation and then a behavior violation, look out for each other.

Afterword's we open the floor at each garage for any and all issue with the Senior Manager and General Manager there. Each item that a member presented was addressed.

This concludes my Maintenance Report.
