

REPORT OF THE PRESIDENT B/A KEITH D. HILL NOVEMBER 2021

Below is my report for the month of November 2021, presented to the Executive Board on December 3, 2021 and the Members on December 7, 2021 during the Mass Membership Meeting.

CTA CONTRACT:

- The month of November Local 241 held four sessions of negotiations with CTA. There were two sessions with just Local 241 and two joint sessions with Local 308. Both sessions moved pretty well and we added two more TA (tentative agreements) bringing the Locals to a total of four. The Locals and CTA still have what they deem meaningful proposals left on the table.
- To dispel the rumors, we are not getting a bonus check at the end of the year. We have had conversations about wages and bonus but we are still in negotiations and on-going talks, whatever we shall receive will be voted on by the members at the end of negotiations once the contract is concluded. As a membership and as an administration member, **WE HAVE NOTHING TO LOSE OR NOTHING TO GIVE UP!!!**

PACE WEST:

- First, I would like to thank everyone who took the time out to submit a contract proposal. The proposals will be put in order of importance and posted at your location. Also, we are looking for a member to join us at the table, so please reach out to my office either by phone or email to sign up to be on the contract committee and let your voice be heard. Our first meeting is scheduled in December to lay the ground rules so, let's get ready. Remember, **WE HAVE NOTHING TO GIVE OR NOTHING TO LOSE!**
- I would like to thank Union Steward Chris Chinn on working with me on handling a few grievances that also resulted in returning members back to work. I look forward to our labor management meeting to resolve more things for the members of PACE West.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
NOVEMBER 2021 (CONT.)

PACE NORTHSHORE:

- PACE and Local 241 have a date in December and are ready to start negotiations. Local 241 is looking for a member to join us at the table to represent the members, please see the bulletin posted. Also, if you are interested in becoming a Union Steward for PACE Northshore and not afraid of the challenge, please reach out to the Union office.

PACE SOUTHWEST:

- I would like to thank Executive Board Member Caesarie Montgomery and Union Steward Noe Garcia for having a successful labor management meeting. We discussed problems with the extra board and when operators have no relief. Also, we resolved some grievances either by getting a member paid or by agreeing to move the grievances to arbitration.

79TH AND COTTAGE GROVE and 103RD STREET RELIEF POINTS:

- Starting with the Winter Run Pick of 2021 the Brothers and Sisters of 77th Street garage will be making a relief on 71st and Cottage Grove for their safety. This has been a battle a few years in the making, the change has been made.
- The recommended way of travel is the Redline to 69th Street stop, at that point you can either take the #30/South Chicago or the #71st/South Shore routes, which will give the operators two buses to take to the new relief point.
- We have a few concerns with the relief point at 103rd Street garage, dealing with the #6/ Jackson Park Express. We are looking to see what we can do and our options so work with us.

PENSION:

- Also, I would like to inform the members of Local 241 they will not see a pension increase in 2022. The task of getting the pension fund to a level where we will not see any increases is challenging. I can proudly say this administration is moving in the right direction and as the fund now is over \$2 billion dollars plus for the first time ever in the history of the fund.
- The RHCT (Healthcare Trust) contribution will be reduced to 1% from 3% for both groups, we still have a long road ahead of us to fix many problems in some form, just work with this administration as we tackle these items.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
NOVEMBER 2021 (CONT.)

EXPEDITED AND PRE-ARBITRATION & LABOR CHARGES:

- In the Month of November Local 241 held an Expedited Arbitration to address grievances. The Local submitted over (60) grievances winning (41) in some form by way of the arbitrator. This administration will keep addressing the grievances and keep working to reduce the amount of time members must wait to be heard.
- Labor charges in the month of November, we had two (2) cases dismissed and one (1) new case brought against the Local.

HOLIDAY SCHEDULE:

- This year Christmas and New Year's Day are both on a Saturday, the CTA will be honoring both days on the eve of both holidays which is Friday, December 24, 2021 and Friday, December 31, 2021. We will be operating on a Sunday schedule on the 24th and the 31st; Saturday schedule on the 25th and the 1st; and a Sunday schedule on the 26th and the 2nd. Everyone please be safe and enjoy the holidays

MISC.:

This is to provide a summary of the Infrastructure Investment and Jobs Act (IIJA --H. R 3684), which was signed into law by President Biden (Public Law No: 117-58) on November 15, 2021.

Leading up to this bill, which replaces the FAST Act, ATU prioritized three main areas: 1)-Funding, 2)- Safety, 3)-Workforce Development. As you will see below, while this bill creates a few overall policy changes, ATU was highly successful in getting language in the legislation that will have a direct impact on the health and safety and job security of transit workers. Section 13(c) Labor Protections: The new bill reauthorizes Section 13(c) of the Federal Transit Act -- 49 USC 5333(b) -- which of course preserves the collective bargaining rights of transit workers. No changes are made whatsoever to this section. Section 13(c) application under existing programs will continue, requiring the active involvement of transit unions and the U.S. Departments of Labor and Transportation. FEDERAL TRANSIT FUNDING - The massive bill reauthorizes the federal transit program for the next five years and appropriates specific funding for certain categories. It provides significant increases in investment to put public transit agencies on a path to modernize their systems and meet the growing and evolving demands of our communities. The bill provides \$106.9 billion for public transit, an increase of \$41.1 billion (63%) from current levels. It increases each of the formula and competitive grant programs by 35-37 percent compared to current levels.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
NOVEMBER 2021 (CONT.)

OPERATING ASSISTANCE:

The bill maintains FAST Act policies regarding the use of federal transit funds, which generally speaking are to be used for capital purposes. However, expenditures for other than capital uses are authorized for specific programs. Some of these expenditures include:

- 49 USC 5307 (formula funds) apportionments for urbanized areas (UZA) with populations of less than 200,000 persons can be used for operating expenditures.
- 49 USC 5307 apportionments for transit systems that operate 100 or fewer buses in urbanized areas with populations of 200,000 or more persons and meet other criteria can be used for operating expenditures.
- 49 USC 5311 apportionments for rural areas can be used for operating expenditures.
- Preventive maintenance provisions permit the expenditure of funds for maintenance costs, including labor, for transit vehicles, facilities, and rights-of-way, by agencies in any UZA regardless of population size. For matches to operating grants for small urbanized and rural areas the ratio is up to 50 percent federal and at least 50 percent state and local.

WORKFORCE DEVELOPMENT:

Zero Emission Bus Facilities Grants

- \$5.25 billion for §5339 Low or No Emission (Lo-No) Bus Competitive grants.
- 5% of this funding must be used by transit systems to fund workforce development training, including registered apprenticeships and other labor-management training programs.
- \$500 million is set aside for training.
- In awarding competitive bus grants for projects related to zero-emission vehicles, the bill requires transit systems to submit a zero-emission transition plan that demonstrates a long-term fleet management plan with a strategy for how they intend to use their funds.
- Transit systems must examine the impact of the transition to zero emission buses on the current workforce and avoid the displacement of the existing workforce.

PUBLIC TRANSPORTATION SAFETY PROGRAM:

Background - The bill includes major changes to the Public Transportation Safety Program. A few years ago, the Federal Transit Administration (FTA) required all transit systems to develop and submit Public Transportation Agency Safety Plans (PTASPs) in order to qualify for FTA funding.

For background, see the video at the link here: <https://www.youtube.com/watch?v=9GUp6bdYySc&t=26s>

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
NOVEMBER 2021 (CONT.)

PUBLIC TRANSPORTATION SAFETY PROGRAM (Cont.):

Failure to submit a safety plan results in the withholding of FTA funds. The PTASPs deal with all aspects of transit safety, including assaults on workers and other matters. However, the PTASPs are currently developed and submitted to FTA only by transit boards and general managers. Workers and unions have little role at all. Major Changes:

- The new bill fundamentally changes the PTASP process. Under the IIJA, before management submits their safety plan to FTA, a safety committee of the transit system must develop and approve the agency safety plan and any updates to the agency safety plan.
- Significantly, the safety committee must be convened by a joint labor-management process; and consist of an equal number of:
 - o (I) frontline employee representatives, selected by a labor organization representing the plurality of the frontline workforce employed by the transit system or, if applicable, a contractor to the transit system and
 - o (II) management representatives.

ASSAULT DEFINED:

For the first time, federal law now includes a definition of ‘Assault on a transit worker.’ It is defined to mean “Any circumstance in which an individual knowingly, without lawful authority or permission, and with intent to endanger the safety of any individual, or with a reckless disregard for the safety of human life, interferes with, disables, or incapacitates any transit worker while the transit worker is performing his or her duties.” This means that any time there is “interference” with a transit worker, it is considered to be an “assault.” This is a low threshold. Any spitting, shoving, verbal abuse, etc. that has been dismissed in past years by transit agency management or law enforcement can no longer be ignored. The bill requires:

- ✓ Transit systems to report all assaults (using the new definition) and pedestrian/bus collision incidents to the National Transit Database (NTD), which is maintained by FTA.
- ✓ Safety plans to include strategies to minimize exposure to infectious diseases; safety performance measures; a comprehensive safety training program for the operations and maintenance personnel; and a risk reduction program for transit operations to improve safety by reducing the number of accidents, injuries, and assaults on transit workers.
- ✓ Safety committees to establish performance targets for the risk reduction program using a 3-year average of NTD data.
- ✓ Transit systems to reduce vehicular and pedestrian accidents involving buses that includes measures to reduce visibility impairments for bus operators that contribute to accidents, including retrofits to buses in revenue service and specifications for future.

REPORT OF THE PRESIDENT B/A
KEITH D. HILL
NOVEMBER 2021 (CONT.)

- ✓ Mitigation of assaults on transit workers, including the deployment of assault mitigation infrastructure and technology on buses, including barriers to restrict the unwanted entry of individuals and objects into the workstations of bus operators when a risk analysis performed by the safety committee of the transit system determines that such barriers or other measures would reduce assaults on transit workers and injuries to transit workers.
- ✓ \$\$\$\$\$\$\$\$ Transit systems to set aside not less than 0.75 percent of their formula funds for safety-related projects.

December 2, 2021

Dear Members of Local Union 241,

I would like to take this opportunity to wish the Members of Local 241 a happy and safe holiday season. I come before you today to address an incident that occurred last month. It was brought to my attention that information concerning a personal matter was intentionally posted on Facebook and other media outlets in an attempt to paint me in a bad light and to damage my reputation. Instead of rushing to judgement, I decided to delay my response until I had all the facts. Therefore, to the Members of Local 241, I want to go on record and state that these postings are gross misrepresentations of the private matter in which they attempt to address. Furthermore, these social media postings are void of facts and is not a clear depiction of the situation. The individuals who are responsible for these transmissions tried to unfairly characterize my values and beliefs. I want to take this time assure the Members of Local 241 that I was not charged in any court of law (State, County or Local). All charges were dropped and have no pending court cases.

To those individuals who chose to maliciously violate my privacy based upon assumptions, consider this notice that you did so illegally. I am actively exploring all options to determine how to proceed in that direction. Many of you have heard the old adage, "if it happened to me, it can happen to you." Local 241, ***"we know what they did and we know why they did it!"*** As the President/Business Agent, and a dues-paying member, I swore and oath to defend this Membership. I will be relentless in my resolve to protect this membership from those individuals that seek to do it harm.

We cannot serve as a safe haven to those who believe that there is nothing wrong with freely posting someone's personal information whenever they don't like that person or disagrees with them. We are professionals and this type of behavior is unacceptable. Therefore, it is necessary that we collectively stand up and stop these individuals. This is not about President Hill. This is about accountability for your actions. These individuals must be held accountable and the proper remedy sought.

On a different note, as we enter the Holiday Season, I would like to update the Membership on the state of contract negotiations. The Officers, Executive Board and Stewards have been diligently working to achieve a fair and equitable contract for the Members of Local 241. We have made great strides. I ask that you continue to perform your duties at the highest level of excellence. I would like to say thank you to all the Members who called or visited the Local office throughout the month of November. I continue to be humbled by your support.

BILLS

All Bills are paid and current. The Per Capita Tax (or taxes paid by Local 241 to the ATU International in order to keep our Local in “good standing,”) is paid and up to date as reflected in my treasury reports.

I have provided the Executive Board and the Membership access to Local 241’s treasury reports for the month of November, which includes the Profit loss, Balance Sheets, Payroll Journal and Timesheets. They are always present and available for viewing at all Executive Board and Mass Membership Meetings.

I have issued Executive Board Minutes dated October 29, 2021. I have also issued Mass Membership Meeting Minutes dated November 2, 2021. Please make sure to check for announcements posted on the Union Boards at all locations.

Open Grievances

- ❖ The number of open grievances for the month November 2021 is 1611.
- ❖ Cases are being won with little to no lawyer involvement. This is a cost savings to the Membership.

Pension

- ❖ I attended our regularly scheduled addition to mandatory pension training on Tuesday November 23, 2021. The pension meeting was held earlier in the month of November due to the Thanksgiving holiday.
- ❖ Remember members, now is a good time to make sure that you update your beneficiary information.

Contract Negotiations

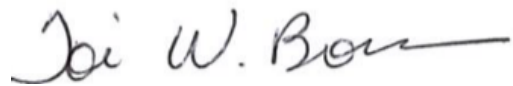

Contract negotiations are in progress between CTA and both Locals 241 and 308. I attended more contract negotiations meetings. Future dates are being established as we work toward improving our wages and working conditions. Let's continue to perform our jobs at the highest level of skill and integrity.

Local 241 Training

On November 13, 2021 I attended classes with various members of Local 241 at the University of Illinois School of Labor and Employment Relations. This was the second of seven classes which takes place one Saturday out the month through April 2022. I am also attended a separate training course as well.

As I conclude my report, I want to wish all of our member a Happy Holiday Season. Let's stay vigilant in our safety on and off the Job. No fair disputes. As President Hill has stressed "COUNT EVERYONE." That goes for CTA and Pace.

- Accidents on the left side behind the rear tires

If this happens to you, PLEASE CALL YOUR REPS AND LET THEM KNOW!

BEREAVEMENT ANNOUNCEMENTS

PART-TIME PENSION

We are in what we think is our last round of the part-timer's pension that was paid and taken out wrongfully. CTA has thrown a road block in the terms, but we are positive that the outcome will be in our favor. We have a trustee meeting December 14, 2021 and we will update you if it happens.

EXTRA BOARD

Please mindful and watch the "Extra Board" for violations, it really happens around the holidays. No matter what the manpower is, the "Extra Board" shouldn't be violated. Assistant Business Agent – Maintenance Report

My Name is Marqueal L. Williams I am the Assistant Business Agent for Local Union 241, this is my report for the Month of November CTA, PACE, and FIRST TRANSIT.

PaceWest

Management and Union had several meetings about manually washing buses, back in October of 2021 Management added the task of washing the back of buses by hand, so imagine this, you sweep the bus, fuel the bus, check all fluids, then go to the back and manually scrub the back then go through the wash rack and park the bus. This was to be done 20 time a night, if you are in your 50's and 60's this is a strain to your body. Management had previous knowledge that the wash rack was broken but never addressed the issue, and now that heads had to roll Management decided to discipline employees, this is unacceptable.

Marqueal Williams and Keith Hill addressed this with Pace West and the conclusions was that the employees would not be scrubbing the backs of 20 buses a night, instead the employees have to go slow through the wash racks, on Tuesday November 16, 2021 the Maintenance Crew will come out and fix the wash racks.

I spent several hours at PaceWest addressing complaints about the Winter Pick, this is currently being addressed and next month I will report the outcome.

Complaints and Harassments'

If you feel you are being harassed, that's because you are! There are a few things you need to know and do. Carry a note pad, this way when you are being harassed you can note it. Write down the time and date of the incident. Be very clear and detail about the facts. In most cases it's your word against Management, so build your case against them, get statements from other members (on a report to manager preferably), the more information you can provide the better.

When you have established some harassment fill out a Report to Manager or a Speed Letter, this will start the paper trail and show you brought it to the attention of the management staff. Thru in-house mail send copies to the General Manager. If you get no results or not happy with the results, give a copy to me. Please remember you can never refuse a direct order, **unless you think it is unsafe to do.** If you do not agree with the order, ask for a Speed Letter or a Report to Manager, write a statement in regards to why you disagree with the direct order, or that you feel you're being harassed and ask them to sign it. If they refuse note that, and send it to the General Manager thru in-house mail. Remember to

keep your cool at all times, all your actions will be securitized, just like manager build cases against members, we can build cases against managers harassing our members.

Pension and RHCT

As of January 23, 2020, the Pension Plan funding was exactly \$1,900,197,154.09. As of November 23, 2021 the Pension Plan Funding is Exactly 2,130,395,542.61 within 33 months the plan has multiplied by \$230,198,388.52. The Multiplier Factor for retirement is .0215%. The Pension contribution increased from 12.010 to 13.324%, during the 2018-year investment returns fell below 8.25%.

December of 2019 the plan did meet the 8.25%. For more Pension contribution information of funding, you can follow this link [40ILCS5/22-101e](#). The Authority contribution is 20.647%.

As of January 23, 2020, the Retiree Health Care Trust Plan funding was \$945,862,202.75. As of November 23, 2021 the RHCT funding is \$1,156,655,788.95 this is a \$210,793,586.02, as this administration has been reporting that as of January of 2022, we will be receiving 2% of our pay going on our checks thanks to President Keith Hill, this will decrease from 3% to 1% this plan is well over 100% funded. To check every penny that you put into the Health Care Trust from your paycheck go to [www.groupadministrators.com](#), then enter your Social Security Number as your ID. And then enter your Badge Number for your Password, it will show you the Year-to-Date amount that you contributed into this fund. You should then check all your end of the year check stubs dating back from 2008 until present to make sure the total amount is accurate. This concludes my Assistant Business Maintenance Report

Vaccination Termination

The Chicago Transit Authority has started the termination process in the Maintenance Department if you're not vaccinated, if you received one of the shots you will remain in service. If you filled out a Medical or Religious Accommodation you will remain in service until you hear back from the ARC or EEO.

It is your responsibility to upload the vaccination information into the Self-Service Portal, if you are having problems loading it you have to do a Report to Manager, if you don't it will be a behavior violation, this violation is a **non-point** violation it acts as a verbal warning. Please don't go into your discharge interview high-off your emotions, even if you're not planning to ever get the vaccination be professional and let the Authority know you need time to talk it over with your family, what you write in the employee comments will reflect on your grievance.
